

Copper Conferencing and LNHA Launch Partnership

FOR IMMEDIATE RELEASE

Denver, CO and Atlanta, GA — February 16, 2011 Copper Conferencing and the Louisiana Nursing Home Association announce their partnership for 2011. LNHA selected [Copper Conferencing](#), a leading provider of audio conferencing and webinar services, to be their preferred provider for their audio conferencing program.

“Louisiana Nursing Home Association is pleased to partner with Copper Conferencing as our provider of choice for all our audio conferencing needs” said Joe Donchess, LNHA Executive Director. “We find the features and services offered by Copper Conferencing to be first-rate and cost-effective.”

“In recent weeks, LNHA and Copper Conferencing have been working together to design a partnership to benefit LNHA members. We are so pleased to be announced as the preferred provider of audio conferencing for the LNHA and look forward to working together.” said Kathleen Thompson, Director of Customer Care. “Copper Conferencing believes providing access to affordable, reliable audio conferencing is a win-win for everyone.”

About LNHA

Louisiana Nursing Home Association strives to meet the needs of thousands of elderly and frail Louisianans through its representation of more than 245 licensed nursing facilities in the state. The LNHA provides leadership in long term care policy and advocacy on behalf of Louisiana’s nursing home/assisted living community. Learn more about the LNHA [here](#)
